ORDER CODE

QUANTITY

Model: CLC-Aethra-Voltage-Color-length

RUN LENGTH UP TO 10 METER DIMMABLE UL listed

Instant-on, no warm-up time,

High quality anti-corrosive PCB, Anti UV PVC, suitable for Indoor/ Outdoor.

High power efficient SMD2835 technology.

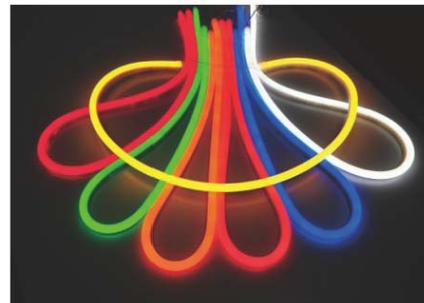

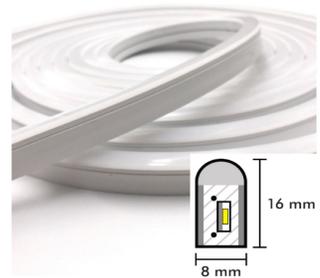

Suitable for indoor/outdoor use such as display lighting, building surrounds, architecture trace lines.

Free of harmful mercury, environment friendly.

Available Colours ; 3000k, 5000k, Red, Green, blue, Pink, Orange, Purple

SPECIFICATIONS

Voltage	12/24vdc
Wattage	54watts/5Meter Roll
Lumens	1200Lm / Meter
CRI	>95
Length	5M/ 10M
Cutting unit	12v=27mm, 24v=54mm
Dimensions	8x16mm
IP rating	IP67
Lifetime	30,000 hrs
Light Source	SMD2835
opper wire	100% copper 16x0.18 cm2
Max Length	100 Metre (10A rectifier)
Operating Temp	-15*C-40*C

Aluminum Profile
Length: 8ft. / LTH
Function: Make durable and straight installation for Neon Flex

Round Corner
Pkg Quantity: 4pcs
Function: Make a round corner joint for Neon Flex aluminum profiles
